

Auto-Dimming Rear View Mirror (with HomeLink)

\$395.00

Thanks to the sophisticated sensors built into the Auto-Dimming Rear View Mirror, this accessory provides automatic progressive dimming. The mirror will automatically dim in proportion to the level required to eliminate glare, which helps in reducing eyestrain and driver fatigue. The Auto-Dimming Rear View Mirror also has an integrated digital compass with eight directional readouts and features integrated HomeLink functionality.

Cargo Liner

\$140.00

The seat-back style Cargo Liner provides full protection to the rear cargo area, regardless of 3rd row seat configuration. Featuring an innovative split design with an integrated 'living hinge', the Cargo Liner provides maximum protection for Highlander and Highlander Hybrid's cargo area, as well as the backs of the rear seats. It also features an anti-slip surface to keep valuables stable, and a raised perimeter lip that helps keep spills limited to the Cargo Liner area.

Cargo Net

\$72.00

The Cargo Net features hammock-style netting with elastic closure. This flexible and stretchable, nylon-braided net secured by tie-down rings in Highlander and Highlander Hybrid's rear cargo area prevents items from shifting around while on the road. Easy to install, and remove when not in use.

Tonneau Cover

\$245.00

The Tonneau Cover conceals the rear cargo area from view for increased privacy and added peace of mind. The cover also conveniently retracts when not in use and can be stored in the Highlander's subfloor compartment to make room for larger items. Available in black or beige.

Bodyside Mouldings

\$287.00

Bodyside Mouldings protect Highlander or Highlander Hybrid from dings and bumps, while adding a touch of elegance to the vehicle's exterior. Constructed from highly durable material that has undergone Toyota's rigorous product testing, the Bodyside Mouldings offer long-lasting protection from any type of minor incidental contact to the sides of the vehicle.

Hood Deflector

\$205.00

Highlander and Highlander Hybrid's hood can take a beating and still look great. Made from thick high-grade tinted acrylic, the Hood Deflector offers high impact resistance and reduces the potential for road debris and insect damage. The stylish wraparound design complements Highlander and Highlander Hybrid's new bold front-end design, while protecting the hood and factory paint finish from damage that can occur while on the road.

Paint Protection Film

\$585.00

Toyota Genuine Paint Protection Film, made from the highest grade 3M film and designed for the hood and front fenders, helps guard Highlander and Highlander Hybrid from weathering, UV radiation and road debris that can chip and scratch the finish. Constructed from durable, nearly invisible thermoplastic urethane, the clear-coated film helps Highlander and Highlander Hybrid maintain a like-new appearance, while allowing you to clean and maintain your vehicle the same as before.

Plug-In Block Heater

\$404.00

The Plug-In Block Heater makes a cold weather start a breeze. A custom-designed system with 400 watts of heating power not only warms the vehicle up quicker but also reduces engine strain and wear. The heater saves fuel and battery power during start-ups, too. With the socket conveniently integrated into Highlander and Highlander Hybrid's front valence, the Plug-In Block Heater has a factory finished look. It also comes with both a main 8-foot and a spare 18-inch power supply cord. A 16-foot power supply cord is also available separately.

Roof Rack (LE)

\$450.00

The Roof Rack is engineered specifically to integrate with Highlander and Highlander Hybrid's factory roof channels, enhancing the vehicle's utility and cargo management versatility. The Roof Rack provides you with additional cargo space and can support a maximum load of 75 kg (165 lbs) when evenly distributed across both bars.

Running Boards

\$925.00

Not only do Running Boards assist with entering a vehicle, they also help protect the lower body from road debris. The Running Boards feature a stainless steel finish with a raised-rubber pattern to help ensure secure footing when entering and exiting the vehicle. Designed exclusively for Highlander and Highlander Hybrid, the Running Boards seamlessly integrate with the vehicle's new dynamic and stylish exterior look.

Towing Hitch with Wire Harness

\$875.00

The Towing Hitch system is specifically designed and manufactured for Highlander and Highlander Hybrid models, and has been engineered to obtain the vehicle's safest maximum tow rating. The included Towing Hitch Wire Harness with 4 pin flat connector seamlessly integrates with Highlander and Highlander Hybrid's electrical system. All Toyota Genuine Hitch systems are e-coated and powder coated to prevent rust and corrosion and they are designed to meet or exceed all industry towing standards.

Towing Hitch Ball - 1 7/8" - 2,000 lbs

\$49.99

The Towing Hitch Ball is designed and tested to meet Highlander and Highlander Hybrid's towing specifications and quality standards. It works seamlessly with the accessory Towing Hitch.

For calculation purposes, all accessory pricing includes installation (if required). However, because the cost of doing business varies, the installation portion of the price may not be the exact cost of installation at a dealership. Please confirm accessory pricing with your dealership.

Towing Hitch Ball - 2" - 6,000 lbs

\$32.00

The Towing Hitch Ball is designed and tested to meet Highlander and Highlander Hybrid's towing specifications and quality standards. It works seamlessly with the accessory Towing Hitch.

Towing Hitch Ball Platform

\$95.00

Designed and engineered to work with the Toyota Genuine Towing Hitch, the Ball Platform is built and tested to meet your Highlander or Highlander Hybrid's exact towing capacity. Its placement has been optimized to maintain the proper vehicle departure angle.

Bongiovi Acoustics DPS NEW!

\$470.00

BONGIOVI ACOUSTICS DPS is a fully digital state of art audio system that processes the audio stream in real time and routes the enhanced audio to a 4 channel digital amplification system. The result is an unparalleled listening experience in your Toyota vehicle. BONGIOVI DPS ACOUSTICS smooths out the differences in volume between any audio source (CD, AM, FM, Satellite Radio) and greatly improves the sound of all sources of audio including portable music devices.
